## **Use of playgrounds during the coronavirus crisis**

Dear tenants,

Berlin districts have unanimously agreed to reopen playgrounds in the city as of 30 April 2020.

Jumping, climbing, building castles – you can now do all this and more in Gewobag playgrounds too.

**In view of the speed of developments and the responsibility we all have, please be sure to observe the following:**

- Continue to follow the distancing and hygiene rules that are in place when visiting reopened playgrounds.
- Extreme circumstances, in which the applicable rules can no longer be followed, must be avoided and prevented.

**We are calling on all parents and carers to act responsibly themselves and towards others. Ensure that the coronavirus does not spread any further so that playgrounds can remain open.**

*Should a playground ban or general curfew be issued for the district, we draw your attention to the fact that this ban would also include the use of Gewobag playgrounds for the duration of said ban.*

Kind regards,

Your Gewobag
